ENERGY *ASSISTANCE* PROGRAM

ENERGY ASSISTANCE PROGRAM

{ Providing a unique opportunity for small business, non-profits, houses of worship, multi-family & educational institutions to lower their monthly utility costs. }

The Energy Assistance Program has provided building audits to more than

288,196 sq ft

of local businesses and organizations

uncovered over

\$128k - \$163k

in potential annual savings

3.05 to 1

median investment to savings ratio

A blurred background image of a classroom. A teacher in a red top stands at the front, gesturing towards a chalkboard. Several students are seated at desks, with one student in the foreground on the right raising their hand. The text 'GREEN SCHOOLS' is overlaid in the top left, and '21 STUDENTS' is overlaid in the center-left.

GREEN SCHOOLS

21

STUDENTS

Students received funding to obtain their LEED GA via a partnership through GRCC, Builders Exchange of Michigan, and our Green Schools Program

13 LEED VIDEOS

6 Lunch & Learns in 2019

23 LEED Case Studies

Zero Cities Project

A photograph of a cannabis cultivation facility. In the foreground, several cannabis plants with green serrated leaves and developing buds are visible. The background shows a greenhouse structure with a series of warm-toned grow lights hanging from the ceiling, creating a bokeh effect. A semi-transparent white text box is overlaid on the right side of the image.

Marihuana Relicensing Ordinance is the first sustainability benchmarking mandate in Grand Rapids.

This landmark policy sets precedence for energy transparency and future carbon drawdown and community resiliency throughout our City.
